INTRODUCING PRAYAG STORAGE TANKS

Prayag India has now added another feather in its cap by introducing Prayag PVC water Storage Tanks. Prayag manufactures a wide range of water storage tanks through the most trusted and reliable Rotational Molded technology with virgin food grade material that provides the highest standard of safety, durability and high-quality finish to these tanks to last them for years.

These are multi-layered tanks available in 3 to 5 layers construction that not only ensures safe and cool water but are also designed to provide a host of unmatched advantages over ordinary water tanks.

Choose from a wide range of exciting colours of your choice

Prayag's products are designed keeping in mind the needs and challenges of its customers and hence the plethora of features in Prayag PVC tanks. Additionally loaded with some exemplary features like anti-microbial protection layer, threaded lid, air vent and food grade polymer, Prayag water tanks come with a wide range of storage capacities of upto 5000 liters and colours to match your exterior.

We create only the best for you and our PVC water tanks prove it!

ABOUT US

Over the last 36 years Prayag has become a part of millions of families, touching their life, everyday, every moment.

With a vision to produce products with innovative cutting edge technology, Prayag has always delivered meticulously crafted flawless components to its customers. All these years it's been a journey of dedication and determination, accomplishments and achievements.

Today Prayag offers a wide array of sanitaryware, plumbing and hardware solutions for domestic and commercial application, including Chrome Plated Bathware, P.T.M.T. Bath Assets, Sanitaryware, Kitchen Sinks, Plumbing Pipes, Hardware and Geysers.

PRAYAG TANK ADVANTAGE

AIR VENTILATION

Unique feature allows fresh air to enter the tank to keep water free from bad odour or getting stale

EXTRA RIBS

Designed with more ribs to enhance its strength and durability under water pressure

UV PROTECTION

Outer layer is enforced with special additive UV compound to improve tank's resistance to degradation, cracking when it is exposed to direct sunlight

FOOD GRADE MATERIAL

Made with food grade polymer to store water absolutely safe for drinking or consumption

THREADED LID

Keeps the LID firmly fixed on its mouth that prevents breakage or ensures hygienic water free from dust and other contaminations

HEAT RETARDANT

Special heat retardant material to maintain the water temperature

BREAK RESISTANT

Multi-layered engineered polymer to provide extra toughness and strength to the tank body

8% EXTRA CAPACITY

The unique design allows 8% extra storage capacity, making it a space saver and cost effective tank

8% extra CAPACITY

MULTI-LAYERED

These tanks are manufactured with multiple layers to provide maximum protection, safety and durability. Each layer provides different set of benefits to ensure uninterrupted safe water to your taps.

LAYER 1 - Outer Layer White or Coloured

Highly UV resistant layer which prevents the tank from external weathering. The specially engineered polymer prevents the tank from cracking and wearing due to different temperature conditions. This layer is available in various colours.

LAYER 2 - Middle Black layer

Black colour UV sun-shield layer which protects water from harmful UV rays.

Layer 3 - Middle Off-White layer*

Thermal insulated layer that maintains water temperature under any extreme weather condition. Secondly, it adds to the strength of the tank body.

Layer 4 - Inner White layer

100% Food grade material layer, which eliminates bacteria by 99.9% and keeps stored water safe and hygienic to drink.

*3 Layer Water Tank does not come with this layer

Available Colours

Features

- Extra Heavy Duty (XHD)
- UV Stabilized
- Roto - Moulded
- Virgin Plastic
- FDA Approved
- 4 Layered Body
- Threaded Lid
- Air Ventilation Lid
- 8% Extra Capacity

4 LAYER PUFF TANK

10 YEARS WARRANTY
