#### **\*\*Care and Cleaning Tips:**

Do's:

- Clean the fitting with just a little soap and a damp cloth. Then simply rinse off and wipe dry. You can prevent lime scale by drying the fitting after each use. If lime scale deposits form, remove them with Prayag Cleaner("Wipe N Shine"), our environmentally friendly cleaner.

Don'ts:

- Do not use any abrasive sponges or scouring agents for cleaning.
- We also advise against the use of solvents or acidic cleaners, lime scale removers, household vinegar and cleaning agents containing acetic acid. They will attack the surface and leave your fitting looking dull and scratched. Because the formulae of commercially available cleaners are changed frequently.
